Every restaurant owner is advised to offer at least one vegetarian/vegan dish, if possible. The use of organically produced products (e.g. lemonades, fruit, vegetables, meat, bread, eggs), drinks (e.g. juices, alcoholic drinks, water, herbal teas, milk) and products (e.g. dairy products, potatoes, chips, meat, flour, bread, eggs, fruit, vegetables, honey, sauces) from Luxembourg and/or the «≤ 100 km» region of Luxembourg is to be preferred.

If you offer Fair Trade products (e.g. coffee, tea, bananas, chocolate, sugar) organic or local products, do not hesitate to inform your visitors (e.g. on the menu display).

The use of reusable glass bottles, beer taps and containers for drinks is mandatory. If straws are used, they must be reusable (e.g. stainless steel, hard plastic, silicone and bamboo).

Food leftovers account for a large proportion of all waste. To reduce this waste, dishes can be divided into small and large portions, where possible. The use of pump systems or large packs for sauces instead of individual packs is also to be preferred. In addition, the distribution of individual sugar sachets and individual milk pods (if hygiene regulations allow) is also to be avoided.

Please note that the distribution of recycled paper towels (unbleached if possible) is mandatory.

Respecting the environment:

- At the end of the market, the stands must be cleared, cleaned and returned to their original state by the operators. Stallholders are required to leave their site clean. It is forbidden to throw or leave papers, packaging or rubbish on the ground.

- For this purpose, waste separation bins are available at several locations on the market site. For waste that unfortunately could not be avoided should be sorted correctly so that it can be recycled. For this purpose, clearly labelled bins and sorting systems will be provided at appropriate locations throughout the event for both exhibitors and visitors.
- The distribution of gadgets, promotional items and single-use bags will not be permitted during the market.
- All shouting, calling, invective and foul language is forbidden as well as the use of loud instruments to call the public, such as public address systems or loudspeakers. The broadcasting of music, whether amplified or not, as well as the use of any other sound device is prohibited (loudspeakers, video image, etc.).
