Respecting the environment:

2. Following the introduction of the Act of 9th of June 2022 amending the amended Act of 21st of March 2012 on waste - Provisions to reduce waste at events such as festivals, sports or cultural events, etc., we would like to remind you that **single-use plastic products** (bags, trays and other food containers, plates, cutlery, spoons, straws, mini-picks), drinks containers (cups, mugs, glasses) and bottles **are strictly forbidden**. In addition, other single-use materials should be avoided.
3. The distribution of gadgets, promotional items and single-use bags will not be permitted during the market.
4. At the end of the market, the stands must be cleared, cleaned and returned to their original state by the operators. Stallholders are required to leave their site clean. It is forbidden to throw or leave papers, packaging or rubbish on the ground.
5. For this purpose, waste separation bins are available at several locations on the market site. Waste that unfortunately could not be avoided should be sorted correctly so that it can be recycled. For this purpose, clearly labelled bins and sorting systems will be provided at appropriate locations throughout the event for both, exhibitors and visitors.
