Environment

Waste & Recycling

The home collection of the various types of waste is carried out by the SICA (Syndicat Intercommunal pour l'Hygiène Publique du Canton de Capellen). The dates of these collections are announced annually in the ecological calendar, which is distributed to all households at the beginning of the year and can be viewed on the municipality's website.

*Please find the ecological calendar
of the SICA here:*

In case of problems with the water connection or if you notice a burst pipe, please contact the relevant municipal services. Outside working hours, an emergency service is provided (24/24 hours) which can be reached at the following number: (+352) 39 93 13 55 5.

Water meter reading

Water meters are read once a year, usually automatically from a distance.

In addition, for those who still have an old meter, the reading is carried out by a municipal worker. If you are not present when the municipal worker reads your meter, you will be given a card to fill in and hand in to the Municipality of Steinfort.

All municipal workers are in possession of an identification card issued by the Municipality of Steinfort to identify themselves.

In the case of new buildings, a temporary water meter is installed by the technical service of the municipality at the beginning of the construction work. The water consumed on the construction site is billed.

Reading the water meter when moving house

If you are moving into an existing house, please send a photo of the water meter to recette@steinfort.lu

Invoicing

The Municipality of Steinfort billing department administers the municipal taxes and prepares the four-monthly bills for waste collection, potable water supply and sewerage services.

To report a problem with billing, please contact the Municipality of Steinfort.

Useful information

Klima-Agence (previously myenergy)

Free and neutral basic energy advice

The Klima-Agence (Climate Agency) is a partner in the field of energy and climate. The structure is supported by the State of the Grand Duchy of Luxembourg, represented by the Ministry of Energy and Spatial Planning, the Ministry of Environment, Climate and Sustainable Development and the Ministry of Housing, and in collaboration with the Chambre des Métiers (CDM) and the Ordre des Architectes et Ingénieurs Conseils (OAI).

Together with the Municipalities of Garnich, Kehlen, Koerich and Steinfort, the Klima-Agence offers you a neutral and free fundamental energy consultation in order to take the necessary steps for a successful energy refurbishment, a sustainable building project, for renewable energy installations, for optimising your energy consumption or even for your electromobility.

For your energy renovation projects, your Klima-Agence advisor will carry out an energy diagnosis of your home and heating systems and give you an assessment of your home's thermal insulation to suggest how you can optimise your energy situation and implement the rational use of renewable energy.
