

Commune de
Steinfurt

Congratulations!

As your new Mayor, I am delighted that you have chosen to settle in the Municipality of Steinfort, which for me is one of the most beautiful communities in the country. On behalf of the entire Steinfort population, I extend a warm welcome to you!

Having grown up in Steinfort, I can only hope that you will come to appreciate and love the municipality and all it has to offer as much as I do.

If, like me, you enjoy being out in nature to relax after a hard day's work, you will no doubt appreciate the opportunities for walking or jogging in our forests. If you are more of a lover of gastronomy and culinary discoveries, you will be spoilt for choice with the numerous restaurants within the municipality. Culture lovers will be delighted with the wide range of activities on offer: music, theatre, art exhibitions - there is something for every taste. Of course, sports enthusiasts will also get their money's worth with the many sports clubs on offer. The same applies to children and young people, who can visit the playgrounds or the Youth Centre, among other things. These and anyone who wants to promote soft mobility will also appreciate the good connections to the capital by public trans-

port, whether by train from Kleinbettingen or by bus from one of our four villages.

Steinfort is a municipality characterised by the friendliness and voluntary commitment of its inhabitants. We are sure that you and your family will find a warm welcome in Steinfort, Kleinbettingen, Hagen or Grass.

With the folder you are holding in your hands right now, we are giving you a lot of information about life in our municipality. Hopefully, it will provide you with a first approach that will make your first steps on Steinfort soil easier.

Once you have settled in, I also invite you to become actively involved in community life, whether through volunteering, joining our clubs or attending one of our many events. If we have the pleasure of meeting there, please do not hesitate to approach me and share your ideas for the municipality with me or my fellow aldermen, because we want to shape our municipality with you too.

I wish you many wonderful discoveries and congenial encounters!
